Balloonz is a family run national balloon wholesaler based in Southampton.

We provide a service where you will receive a visit from a Balloonz merchandiser who will check and re-stock your balloons where necessary. They will also check on-loan equipment is working effectively and issue you with an invoice and/or credit.

We also offer a mail order service, where you can order stock between visits and you will receive your order by courier. (This is a free service for orders over £100.00)

Should you prefer not to receive a visit from a member of Balloonz staff you can opt to solely use our mail order service.

Balloonz offers all our customers free on loan balloon stands and gas regulators, for as long as you solely purchase gas and balloons from Balloonz.

All balloons are sold on a sale or return basis, so you can return any balloon purchased from us and receive a replacement or credit providing it is in its original condition. All faulty balloons will be replaced or refunded.
